| 8. Fishing | _____ |
| 9. Drinking groundwater supplies | _____ |

2. What would you most like to see as outcomes of the Wood-Pawcatuck Watershed Flood Resiliency planning effort? Select your top 5 choices.

- | | |
|--|---|
| 1. Flood protection/mitigation | 7. Increased economic growth |
| 2. Greater resilience to climate change | 8. Increased use of sustainable land use practices for future development |
| 3. Protection of drinking groundwater supplies | 9. Community awareness and engagement |
| 4. Protection of or improvement in water quality | 10. Public knowledge and education about watershed issues |
| 5. Protection of habitat and indigenous species | 11. Improved fish passage/dam removal |
| 6. Preservation of recreational spaces | 12. Provisions for infrastructure inspection/repair |

13. Prioritized list of specific actions

14. A basis for seeking public and private funding for plan implementation

15. Other(s) _____

3. List specific areas of flooding and flood-related issues of concern in your community, or indicate where this information can be found if already described in existing documents. Please state, if you know, whether the flooding was riverine, drainage, or groundwater (high water table) caused.

4. Are there areas of flooding or flooding issues in your community that are not adequately represented on FEMA National Flood Insurance Program maps?

5. Identify any community plans, projects, or initiatives to alleviate flooding in your community.

6. What can you or your organization provide to the watershed planning process? (expertise, advice, in-kind services, etc.)

1. Professional expertise

2. Advice

3. In-kind services

4. Volunteer time

5. Data

6. Local knowledge

7. Points of contact

8. Other(s) _____

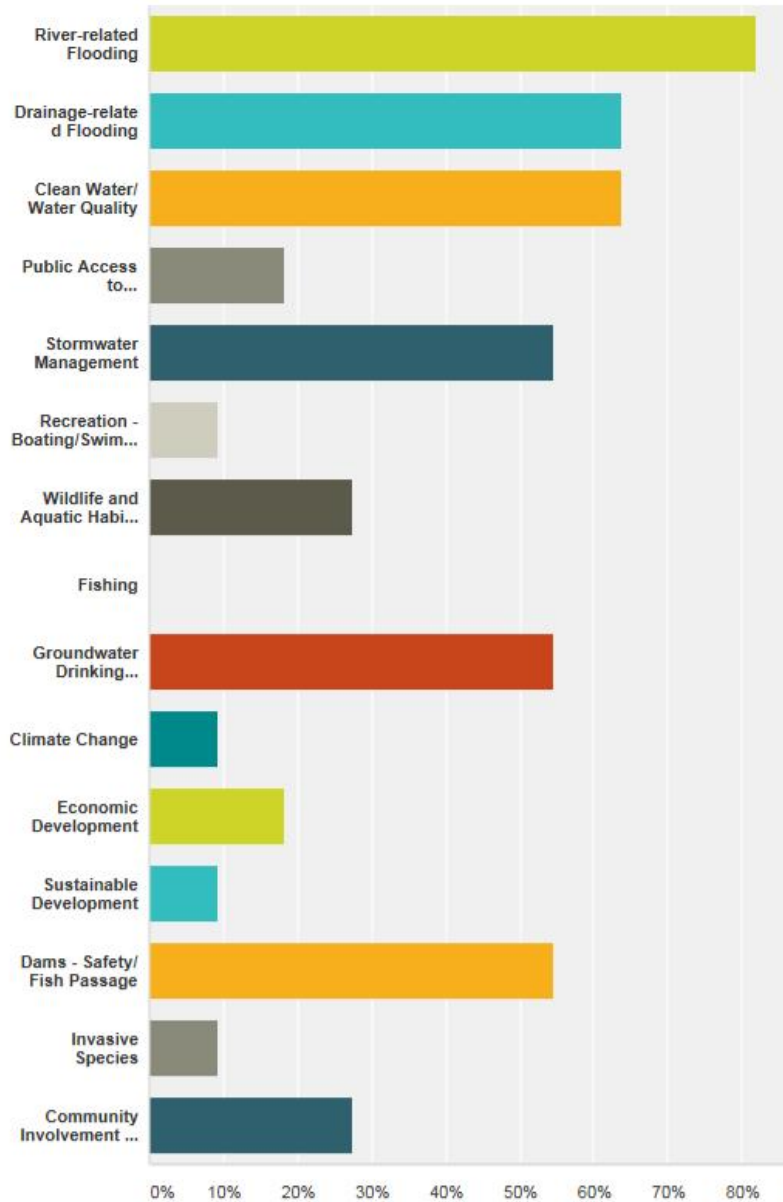

7. What other organizations, businesses, or individuals might be interested in providing input to the Wood-Pawcatuck Watershed Flood Resiliency Management Plan? (Please provide contact info if you have it – Thanks!)

8. Do you have any other ideas, advice or words of wisdom that might be helpful?

THANK YOU FOR YOUR TIME!
